

Surtis show their great support to diabetes awareness campaign

Walk for Diabetes was held in Surat recently to spread the awareness about diabetes and its complications. Advanced Diabetes Centre hosted the event in collaboration with Indian Medical Association, Surat, Association of Physicians of Surat and Family Physicians Association, Surat.

Coinciding with World Diabetes Day (November 14), Advanced Diabetes Centre has carried out and planned several activities to spread the awareness about diabetes and its complications throughout the month. 'Walk for Diabetes' was supported by Surat Metro Round Table 155 and Rotary Club Surat West. Dr Amish Shah, Dr Ami Mehta and Dr Piyush Desai, diabetes experts from Advanced Diabetes Centre, many eminent doctors from IMA, APS and FPA Surat, nutrition experts, and even people living with diabetes participated in this event. Streets of the city were abuzz with slogans urging

Supporters during the walk

people to come forward and support the cause.

Speaking about the initiative, Hetul Mehta, CEO and MD, Advanced Diabetes Centre said, "World Diabetes Day is not a one-day affair for us; this year, we have arranged and conducted various activities throughout the fortnight from November 10-25. Screening for type 2 diabetes is important to modify its course and reduce the risk of

complications." Starting November 10, the centre has conducted and organised free check-up camps and more than 2,000 people have been screened so far for diabetes

during the past ten days.

Advanced Diabetes Centre is equipped with the state-of-the-art diagnostic facilities and a complete array of services under one roof. "We strive continuously to offer and maintain the best possible clinical standards for our patients through a unique blend of coordination, collaboration, and cohesive approach," says Dr Piyush Desai, endocrinologist.

"Indian Medical Association has always been at the forefront when it comes to supporting the cause of improving public health and enhancing awareness about various diseases including diabetes and its complications. We are proud to collaborate with Advanced Diabetes Centre, a futuristic healthcare facility that has improved the standard of care in Surat for people living with diabetes," said Dr. Mansukh Gatiwala, president, Indian Medical Association, Surat.
